Selected Projects and Contributions

Travel Desk improvement

2025 Lean Six Sigma Black Belt DMAIC project on strategic agent allocation. Applied statistical and cause analysis to allocation, training, multilingual materials, offers and control planning. Baseline median monthly agent sales: AED 8,059; target: AED 12,500. The AED 746,088 annual opportunity across 14 agents is projected and conditional on target achievement, not recorded realised revenue.

Amsterdam tourism product discovery

12-part research case study connecting customer evidence, requirements, feasibility, economics and pilot controls. Pre-pilot research with an iterate decision; real departures and post-pilot outcomes are not established.

Operational workflow demonstrations

InfraQuote: commercial quotation and margin controls. InfraDispatch: assignment review and field handovers. InfraSky: condition-aware experience readiness. InfraCluster: pickup grouping and capacity checks. Static browser demonstrations; no production integrations are claimed.
