Selected projects

Travel Desk improvement | Workplace project

Applied DMAIC to agent allocation, training, multilingual materials and control planning. The financial opportunity was a conditional projection, not realised revenue.

Amsterdam tourism product discovery | Portfolio research, pre-pilot

Developed research and planning materials covering customer evidence, product requirements, supplier feasibility, unit economics and pilot controls. No commercial departures or measured post-pilot outcomes are claimed.

InfraQuote and InfraDispatch | Browser demonstrations

Built portfolio demonstrations of quotation review, movement planning and operational handovers using sample or operator-entered data. These are prototypes, not production client deployments.
