

AHMED MAHMOUD

TOURISM OPERATIONS MANAGER | PRODUCT OPERATIONS MANAGER

Abu Dhabi, UAE | a.mahmoud.0412@gmail.com | LinkedIn | Portfolio

WORK LOCATION: Available for managerial opportunities across GCC countries and in the Netherlands; Netherlands residence permit holder. Employment remains subject to applicable local requirements.

PROFESSIONAL SUMMARY

Tourism operations and product-operations professional with 10+ years of experience across destination management, DMC delivery, multilingual guiding, transport coordination, B2B booking support, tour production, supplier communication, service recovery and commercial workflows. Combines field leadership with CAPM®, ITIL® 4 Foundation and Lean Six Sigma Black Belt methods to structure SOPs, handovers, operational controls and practical browser-based planning tools. Prepared for managerial-level roles requiring cross-functional coordination, service quality, product thinking and evidence-led improvement.

MANAGERIAL VALUE & CORE COMPETENCIES

- Tourism operations management; destination and DMC operations; daily service delivery; guest journey control
- Team coordination; guide and driver handovers; supplier management; stakeholder communication; issue escalation
- Transport dispatch; airport transfers; multi-stop routing; hotel pickups; ticketing; manifests; operational briefs
- Tourism product development; itinerary design; operational feasibility; MICE operations; quotation and margin logic
- SOP development; process mapping; service quality; risk assessment; continual improvement; Lean Six Sigma
- Product operations; requirements definition; workflow design; static MVP development; responsible AI implementation

PROFESSIONAL EXPERIENCE

Licensed Tour Guide (French & English) / Operations Support | Dec 2024 – Present

Masarra DMC – Miral Experiences | Abu Dhabi, UAE

- Coordinate bilingual guest delivery, transport, ticketing, supplier handovers and live operational changes across active service windows.
- Support destination operations by converting programme requirements into clear field instructions, escalation points and service-recovery actions.
- Apply current UAE destination knowledge and five tour-guide licences across Abu Dhabi, Dubai, Sharjah, Ras Al Khaimah and Louvre Abu Dhabi contexts.

Licensed Tour Guide (French & English) | Sep 2022 – Nov 2024

Oceanair Travels | Dubai, UAE

- Delivered multilingual destination programmes while coordinating timing, guest flow, suppliers and operational handovers.
- Resolved real-time service issues and protected itinerary continuity for international groups through clear guest and team communication.

Operations Executive | Jun 2022 – Sep 2022

WebBeds Middle East & Africa | Cairo, Egypt

- Resolved B2B booking discrepancies, relocations, amendments and refunds using Juniper and Freshdesk.
- Coordinated with internal teams and accommodation partners to restore service and document case outcomes.

Tour Leader | Jul 2021 – Apr 2022

Fun & Sun / TUI CIS | Sharm El Sheikh, Egypt

- Safeguarded service continuity across airport transfers, excursions and multinational tour movements.
- Coordinated guests, transport teams and suppliers while managing schedule changes and operational exceptions.

Operations Coordinator | Jan 2020 – Jun 2021

Al Natalie Red Sea Tours | Cairo, Egypt

- Coordinated fleet allocation and service schedules through high-demand tourism and event periods.
- Supported operational handovers between drivers, guides, suppliers and internal teams.

PROFESSIONAL EXPERIENCE — CONTINUED

Tourism & Travel Consultant | Jan 2013 – Jan 2020

Elmadina Tours | Cairo, Egypt

- Managed customer journeys from package design and visa support through supplier coordination and post-travel care.
- Prepared itineraries, supported sales and maintained customer and supplier communication across the booking lifecycle.

SELECTED PRODUCT & OPERATIONS PROJECTS

- InfraDispatch — Flagship smart rule-based dispatch planner/demo for trip inputs, pickup points, team and vehicle assignments, costs, approvals and operational handoff.
- InfraCluster — Static pickup-clustering workflow for operating constraints, timing pressure, capacity review and dispatch handoff.
- InfraSky — Static experience-readiness planner connecting supplied sky and field conditions with responsible product and operating decisions.
- InfraQuote — Static commercial workflow for costing, break-even logic, margin review and client-ready quotation output.
- Published Knowledge Platform — 73 original articles covering tourism operations, AI implementation, quality, commercial practice, MICE and product discovery.
