Career Experience — Departments and Contributions

Masarra DMC - Miral Experiences | Abu Dhabi, UAE

Operations Department | From December 2024

Supported approximately 350 guests per month and groups up to 45 through destination services, transport, ticketing, supplier coordination and service recovery. Contributed to MICE, FAM and industry-event operations, including airport and hotel representation, guest movements, venues and live stakeholder communication. Developed airport-representative procedures and operational handovers; supported Strapi Arabic localisation, BOS and Otolu Homes workflows, colleague coaching and a Travel Desk DMAIC project.

Oceanair Travels | Dubai, UAE

Operations Department | September 2022 - November 2024

Coordinated destination programmes for international groups up to 35, including hotel pickups, transport, tickets, attractions, timing and supplier interfaces. Protected itinerary continuity during delays and live changes through multilingual guest communication and service recovery.

WebBeds Middle East & Africa | Cairo, Egypt

Reservations and B2B Operations | June 2022 - September 2022

Handled approximately 120 B2B booking and case transactions per day using Juniper and Freshdesk. Supported French-speaking hotel markets in Tunisia, Morocco and Algeria; resolved booking discrepancies, amendments, rates, refunds and relocations through partner and internal-team coordination.

Ahmed Mahmoud | Career Experience continued

Fun & Sun / TUI CIS | Sharm El Sheikh, Egypt

Operations Department | July 2021 - April 2022

Coordinated daily destination programmes, excursions, airport arrivals, departures and transfers for multinational groups up to 19. Handled guest issues and programme changes while maintaining timing, safety and service standards, including support for CIS and Russian-speaking markets.

Alnatalie Red Sea Tours | Cairo, Egypt

Operations Department | January 2020 - June 2021

Coordinated approximately 15 vehicles and drivers, daily allocation, GPS follow-up, maintenance schedules, insurance administration and operational readiness. Supported transport operations connected to the 2021 IHF Men's World Championship, including movements between airports, hotels and competition venues.

Elmadina Tours | Cairo, Egypt

Travel and Tourism Consultant | January 2013 - January 2020

Designed, quoted and sold leisure, honeymoon and couple packages; coordinated itineraries, hotels, suppliers and customer follow-up. Managed Hajj and Umrah arrangements, flights, visas and documentation, accommodation in Makkah and Madinah, and programme coordination using SAFA and Amadeus workflows.

Selected Projects and Recent Contributions

Travel Desk DMAIC improvement

Lean Six Sigma workplace project on agent allocation, training, multilingual materials and control planning. Baseline median monthly agent sales: AED 8,059; target: AED 12,500. The AED 746,088 annual opportunity across 14 agents is projected and conditional on target achievement; it is not realised revenue.

Amsterdam tourism product discovery

12-part research case study connecting customer evidence, requirements, supplier feasibility, unit economics and pilot controls. Pre-pilot research with an iterate decision; departures and post-pilot outcomes are not established.

Operational workflow demonstrations

InfraQuote: quotation and margin controls. InfraDispatch: assignment review and field handovers. InfraSky: condition-aware readiness. InfraCluster: pickup grouping and capacity checks. Static browser MVPs; production integrations are not claimed.

Education

Cairo University | Faculty of Law | Licence / Bachelor of Law | 2006–2010

Languages

Arabic - native; English - advanced professional; French - professional working proficiency; DELF B1 and approximately 450 study hours; Russian - working knowledge; approximately 250 study hours; Dutch - A1, actively studying.

Systems and Methods

BOS System, Otolo Homes, Juniper, Freshdesk, Sruggle, SAFA, Amadeus, Strapi CMS, Excel and Microsoft Office, Google Workspace, GitHub, HTML and JavaScript.

DMAIC and root-cause analysis; SOPs, process mapping and RACI; Service recovery and KPI controls; Voice of Customer and requirements traceability; Supplier feasibility and unit economics; MVP and pilot planning.

Leadership, Safety and Further Training

First Time Leading Others (February 2025); Highfield Level 2 COSHH, Merit (October 2025); AHA Heartsaver First Aid CPR AED (August 2025; renew by August 2027); IATA Pharma Products and Vaccines by Air (May 2024); risk assessment, work at height and safe handling; ETAA operations and sales courses (2019).

Five UAE destination authorisations; UAE manual driving licence; intermediate desert-driving training and RYA Powerboat Level 2. Further training includes food safety, maritime readiness, vehicle assessment and insurance fundamentals.
